CARETEQ'S Q1 FY26 ACTIVITIES REPORT AND APPENDIX 4C

Focused execution in medication management and disciplined cost control

Careteq Limited (ASX: CTQ) ("Careteq" or "the Company"), a clinical healthtech company specialising in innovative medication management and clinical governance solutions, is pleased to provide the following quarterly update and commentary on its Appendix 4C for the quarter ending 30 September 2025.

Highlights

- Cash receipts of \$1.92m; net operating cash outflow of \$(0.26m), including \$0.14m of one off costs for the quarter related to the ATO R&D matter and associated activities.
- Embedded Health Solutions has experienced encouraging growth for Q1 with facilities under contract approaching 600 with in excess of 55,000 aged care beds (+3% for the quarter). Sales pipeline of new facilities encouraging.
- New specialist firm engaged to scope and price completion of the integration of the 1-System platform for Embedded Health Solutions (EHS) and HMR Referrals with the project likely to recommence in Q3-FY26.
- ATO R&D – Formal objection lodged with the ATO, and we await the appointment of the objection committee.

Operational Improvements

The company continues to demonstrate strong operational discipline with underlying operating cash outflow of \$(0.12m) for the quarter. The company did incur one off costs of \$0.14m associated with the ATO matter that is currently going through an objection process that impacted the overall operating cash flow of the group.

Embedded Health Solutions (EHS) and HMR Referrals

EHS delivered another quarter of growth, with facilities under contract now approaching 600, and in excess of 55,000 aged-care beds, an increase of ~3% for the quarter. The sales pipeline of new facilities remains encouraging, with a number of opportunities deep into the process and support continued growth over the coming quarters.

To try and fast track the delivery of the 1-System platform, the Company has engaged a specialist firm to scope and price the remaining work, with the project expected to recommence in Q3 FY26 and be completed by year end. This step follows previously disclosed program delays and retains the unchanged scope and benefits of a single operating platform, which facilitates the decommissioning of legacy systems and the capture of structural cost efficiencies once complete.

The Company will update the market upon finalisation of scope, timing and budget.

ATO position update

The Company via its legal advisers has lodged a formal objection to the previously disclosed ATO issued amended assessments on 29 May 2025 following its review of Careteq's R&D Tax Incentive claims for FY21–FY23.

Timelines for the Objections Committee process are determined by the ATO, and we will continue to engage constructively with the ATO, supported by our legal adviser MinterEllison.

The Board will keep shareholders and the market informed as appropriate.

Financial overview

The Company remains committed to continue its pursuit of achieving a sustainable positive cash flow and profitability, supported by its streamlined operations, enhanced service offerings, and disciplined financial management.

In accordance with ASX Listing Rule 4.7C.3, payments to related parties and their associates totalling \$112k outlined in Item 6 of the Company's Appendix 4C relate to director fees, salaries, and superannuation.
